419 Boston Avenue
Medford, MA 02155

Spring 2024 In-Person Career Fair

All Tufts students – undergrads and graduate students from all class years and majors – are encouraged to attend.

Bring your Tufts student ID and resume • Business casual attire

Who will be at the fair?

- Employers looking to hire students for entry-level positions for after graduation
- Employers looking to speak to students about possible internships and co-ops

Don't forget our LinkedIn Photo Booth: Get your professional photo taken at the fair.

How can I prepare for the Fair?

- **Watch the Prepare for the Fair recorded workshop** on our [Career Center YouTube channel](#)
- **Get your resume ready**, whether by attending [Career Labs](#) for a review or by using the advice in our [resume quick guide](#).
- **Prepare your 30-second 'elevator script.'** Say your name, class year, and major, and tell the employer one relevant thing that brings you to them, e.g., "I'm interested in [describe job] because it matches well with my bio research experience."
- **Research the employers you'd like to speak with at the Fair.** Visit their websites, read about their open positions on Handshake, and have a few questions in mind as you approach a table, e.g.: "I saw on your website that you have [describe internship program or type of job]. Can you tell me more about the kinds of qualities you look for in strong applicants?"
